

OAK FOREST ARC WEEKLY 2 METER NET SCRIPT

5 MINUTE WARNING

QST QST QST

In 5 minutes we will be starting the Oak Forest Amateur Radio Club 2 Meter Net and a clear frequency would be appreciated.

This is <YOUR CALL>, and I will be acting as Net Control Operator tonight.

NET START

QST QST QST

This is <YOUR CALL>, acting Net Control Operator for this session of the Oak Forest Amateur Radio Club 2 Meter Net.

This net meets weekly on Tuesdays at 8:00 PM on the 145.17 MHz repeater, configured for a negative offset and tone of 123 Hz.

We thank Wayne, KA5QDG for the use and maintenance of this repeater.

In the event of a problem with this repeater, the alternate frequency will be 147.000, positive offset, with a tone of 103.5 Hz.

If you're a scanner listener and are interested in this net, or if you need information about the club or how to become an amateur radio operator, you can contact the club at our club email address, netcontrol@ofarc.org and we'll assist you with any questions you may have.

This repeater is Echolink enabled on node 5551 KA5QDG-L if you have difficulty with the RF link.

The purpose of this net is to communicate information to members of the Oak Forest Amateur Radio Club and act as a general rag chew net.

This is a directed net open to all licenced amateurs and *does* require check-in.

To help keep order during the net, please direct your traffic through the net control operator and pause between transmissions to allow emergency or priority break-in traffic.

For regular check-ins, phonetics is not required.

Please state

- your call
- your name
- your location
- whether you have traffic for the net
- and whether you would like to play trivia,

and please pause between check-ins to allow time for Net Control to copy your call.

AT THIS TIME IS THERE ANY EMERGENCY OR PRIORITY TRAFFIC FOR THE NET?

--priority station, go ahead with your traffic – or

--none heard —

ECHOLINK CHECK-INS:

Please note there is a short time lag to key up and there is a 1 minute timeout.

If there are any Echolink check-ins, please come now.

-- Echolink station go ahead, or

--NONE HEARD-

I will now take regular check-ins for the oak forest amateur radio club 2 meter net.

Please state:

- Your call
- Name
- Location
- Whether you have traffic
- And whether you would like to play trivia.

OPTIONAL:

I will take 5 check-ins and then read tonight's trivia question(s). After clearing the first 5 stations I will take 5 more and then reread the question(s) if needed until no more check-ins are heard.

First check-in, please come now

Next check-in, please come now --- repeat until complete

ANNOUNCEMENTS

Are there any stations with announcements for the net?

<NAME or STATION CALL> please go ahead with your announcements.

OTHER ANNOUNCEMENTS

- Club meetings occur on the 4TH Saturdays each month
- 7:45 am breakfast at Toasted Yolk at 4601 Washington Ave.
- 9:00 am meeting at TranStar, 6922 Old Katy Rd.
- Special upcoming events, Hamfests, public service activity.
- Other club activity
- That completes the announcements –

I will now ask for additional check-ins --

Next check-in please --- repeat until complete

BUY SELL SWAP

Are there any stations with equipment they wish to buy sell or swap?

Please call net control with your callsign, name, item and contact information.

-----Repeat item, name and contact info. Price may be stated.

Any further items yes / no?

Any additional check-ins?

CLOSING

If there are no further comments or check-ins I will now close this session of the oak forest amateur radio club 2m net.

Tonight we had ____ check-ins.

We appreciate everyone's participation in the net, and we thank you.

We would also like to thank Wayne KA5QDG for the use of the repeater.

At this time we will now return the repeater back to normal amateur use.

Everyone is invited to stick around after the net for rag chew or any other information.

The schedule for net control operators of this net is posted on our website,

www.ofarc.org under the heading "events". See Mark's Calendar.

Thanks again. This is <YOUR CALL>. 73 all.

END
